

**TO:** Regional President's & Other Officers

**FROM:** E. Lander Medlin, Executive Vice President

**SUBJECT:** Regional President's Handbook

**DATE:** July 9, 2015

This Handbook has been designed to familiarize you and other regional officers about APPA and some of the interrelationships with the regions affiliated within the APPA charter. We have organized the materials in this online handbook to include a number of items we hope you will find both interesting and informative. We have incorporated items that highlight:

- APPA's strategic direction, officers, committee structure and membership, staff, and an awards inventory;
- regional representatives on APPA committees and the associated appointments process and calendar; and
- some important meeting checklists and other business related items you may find of value as you prepare for you own regional meetings and work with your own board.

This online handbook is a work-in-progress on our part, therefore, any improvements and/or additions you are willing to suggest would be greatly appreciated.
